menu

We're proud to be an owner-operated local business (not part of a franchise or group) and love the fact that our customers appreciate that what they're experiencing is our heart and soul on a plate. We're excited to present you with our latest menu.

As in all great families the food is made with love and the food is made to share. This tradition is continued here at The Keg Room. Our food is best eaten when freshly prepared so our dishes will be brought to your table as soon as they are ready but be prepared some may take a moment or two longer than others.

Take the opportunity to try new flavours by challenging your taste buds with a different dish or two and take a moment to revel in the excitement of something new. Never fear some of the old favourites remain!

Mel & Andy

ask us about:
