HANCOCK'S

AMERICAN - RESTAURANT & BAR

WELCOME

JOHN HANCOCK

JANUARY 23RD 1737 – OCTOBER 8TH 1793

John Hancock was the 4th President of the Continental Congress at the point the Declaration of Independence was adopted and signed in 1776 & it is John Hancock's signature which is the largest and most prominent on the famous document.

According to legend Hancock signed his name so large to make sure King George could read it without his spectacles. He really wanted to make sure the King knew they were serious about an independent America!

Hancock's signature is so large that in America your 'Hancock' is your signature!

Today at Hancock's, our constitution demands that we serve the very best food from all over the United States in our own style with our signature sauces and rubs. Grab a cocktail, or try one of our craft beers and get ready for a feast

...and welcome to the family!
