A LITTLE BIT ABOUT WEST

You are sitting in the old Winding House of the former Templeton Carpet Factory, one of Glasgow's most unique and historic buildings modelled on the Doge's Palace in Venice. WEST is undoubtedly Scotland's most innovative brewery. We are the only brewery in the UK to brew all of our fine lagers and wheat beers in strict accordance with the Reinheitsgebot – the German Purity Law, the oldest food law in the world (dating from 1516) which means there are no additives or preservatives in our fine beers.

We are a full production brewery and we distribute across the UK. We love brewing, and we're passionate about providing you with the best and freshest beer you'll find. WEST isn't just about brewing great beer though, we love good food!

We serve an eclectic mix of dishes which either remind me of my parents' home in Bavaria in Southern Germany or we create honest food from the wonderful and rich Scottish larder. We do not cut corners when brewing; we have the same high standard when cooking!

WEST was always conceived as a place where everyone truly feels welcome and I feel that over the last few years WEST has become a home away from home for many Glaswegians and visitors to the city. Thank you for visiting the Wild WEST and I hope you enjoy your time with us.

Petra M. Wetzel Founder
