1935 offers spectacular dining experience and views to match.

It was named The 1935 Rooftop Restaurant and Bar when a social media campaign went out in the local area asking locals what they thought it should be called.

Known for its exceptionally high standards, 1935 Rooftop Restaurant has emerged as a go-to destination for diners. Head chef Micky Walker and his team has worked tirelessly to bring high-quality dishes to their guests. Our food is described as Classic British with a contemporary twist and using as many local, seasonal ingredients as possible.

London Southend Airport was originally created as a flyer base in the First World War, during which it became the largest flying ground in Essex.

Years later the site was purchased by Southend Council and was officially opened on 18th September 1935 as Southend Municipal Airport. The start of the Second World War saw the site requisitioned by the RAF again and during this time a number of squadrons of various nationalities were based on the site, with the runways playing home to the Supermarine Spitfires, Hawker Hurricanes and Bristol Blenheims.
