## PREMIUM IRISH WHISKEY

<b>Teelings Vintage Reserve 21</b> <i>A true Dub! Some of the oldest single malt Irish whiskey ever bottled. The vintage reserve consists of 21 year old whiskey, distilled in 1991 &amp; matured in bourbon casks &amp; then allowed to marry in sauterne wine casks for a truly unique Irish whiskey taste experience.</i>	17
<b>Midleton Very Rare</b> <i>A blended whiskey launched in 1984 to celebrate whiskeys produced in the east Cork town of Midleton. Only 50 casks of each vintage are ever produced. Each Whiskey is hand picked by the master distiller, triple distilled &amp; aged for 12-25 years in bourbon or sherry casks.</i>	19
<b>Connemara Bog Oak</b> <i>Aged in casks made from bog oak unearthed on the famous coastal blanket bog of Connemara. Only 1,000 bottles of each vintage are ever produced.</i>	28
<b>Midleton Barry Crockett Legacy</b> <i>A single pot whiskey, named in honour of the legendary Master Distiller, Barry Crockett, who oversaw the Midleton Distillery for over 3 decades. Matured exclusively in American bourbon barrels.</i>	30
<b>Jameson Rarest Vintage Reserve</b> <i>The ultimate expression of the Jameson distilling expertise. A combination of the oldest &amp; rarest parcels of whiskey. Matured in fortified port casks, resulting in a rare whiskey with depth, complexity &amp; a supremely lavish taste.</i>	40
